1. PENGENALAN

- i) Sistem CARNotification adalah satu sistem pangkalan data yang bersistematik untuk merekod, menyelaraskan maklumat notifikasi melalui permohonan dan pelaporan (Pemberitahuan Bertulis / Perisytiharan Bertulis / Perisytiharan Pelaporan) bagi mematuhi Peraturan – Peraturan Kualiti Alam Sekeliling (Udara Bersih) 2014 – PUB, 2014 yang dikemukakan oleh industri dan perakuan maklumat berkaitan;
- ii) Menjana pelaporan tahunan bagi beban pencemar udara yang dikemukakan mengikut kategori industri; dan
- iii) Untuk meningkatkan rasa kebertanggungjawaban untuk memenuhi keperluan perundangan dan sebagai platform pemudahcara kepada industri untuk mengemukakan notifikasi berkaitan PUB, 2014 secara tidak langsung membudayakan amalan *Guided Self Regulation* (GSR) di kalangan industri.

2. CAPAIAN SISTEM

Sistem CARNotification boleh diakses daripada url: <http://carnotification.doe.gov.my/login>

3.2. Pendaftaran Projek EIA

The screenshot shows the 'CAR Notification' registration page. At the top, there are three logos: the Malaysian coat of arms, the 'BERSAMA SAMA MELAKSANAKAN TRANSFORMASI' logo, and the 'Kementerian Alam Sekitar dan Air' logo. Below the logos are links for 'About', 'User Manual', and 'Contact Us'. The registration form includes fields for 'Email' and 'Password', with a 'Forgot Password?' link. A blue 'Continue' button is present. Below this, an 'OR' separator is followed by three buttons: 'Register Industry', 'Register EIA Project', and 'DOE Staff'.

1. Klik butang **Register EIA Project** untuk mendaftar dalam Sistem CARNotification.

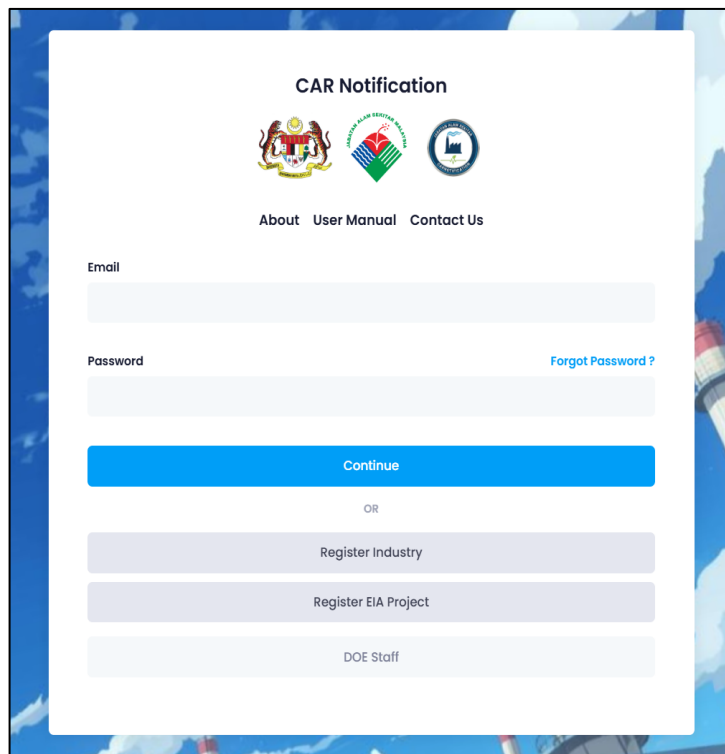

The screenshot shows the 'Register EIA Project' form. The title is 'Register EIA Project' with the subtitle 'Register your EIA project account'. There are three tabs: 'Project Information' (selected), 'MISC', and 'User Information'. The 'Project Information' section contains the following fields: 'EIA Project No *' (with placeholder 'EIA Project Number'), 'Project Name *' (with placeholder 'Project Name'), 'Project Address *' (with placeholder 'Full Project Address'), 'Postcode *' (with placeholder 'Postcode'), 'City *' (with placeholder 'City'), 'State *' (a dropdown menu with 'Select State'), and 'Phone' (with placeholder 'Phone'). A blue 'Next →' button is at the bottom right, and a 'Back to Login' link is at the bottom center.

2. Lengkapkan maklumat untuk pendaftaran;

- **Project Information**
- **MISC**
- **User Information**

3. Pemohon akan menerima notifikasi emel pendaftaran (melalui email yang didaftarkan), mengesahkan pendaftaran telah berjaya dilakukan dan klik pada pautan yang diberikan untuk masuk ke sistem.

3.3. Log Masuk Sistem

Register Industry

Register EIA Project

DOE Staff

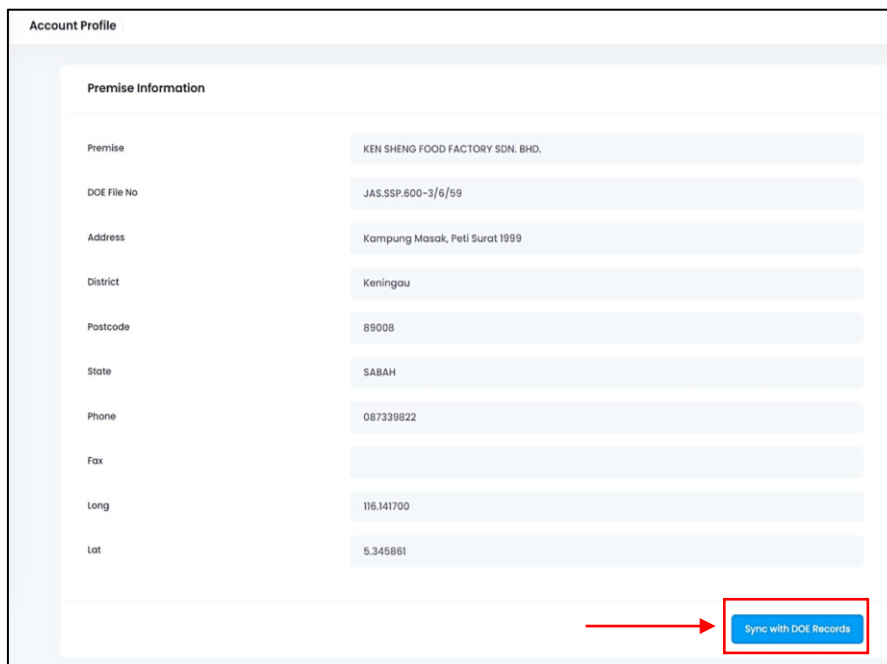

1. Masukkan **Email** dan **Password**.
2. Klik butang **Continue** untuk log masuk ke sistem.

3.4. Paparan Dashboard

1. Klik ikon  **Account Profile** untuk menyemak **Premise Information** dan **Login Information**.

3.5. Kemaskini Maklumat Industri

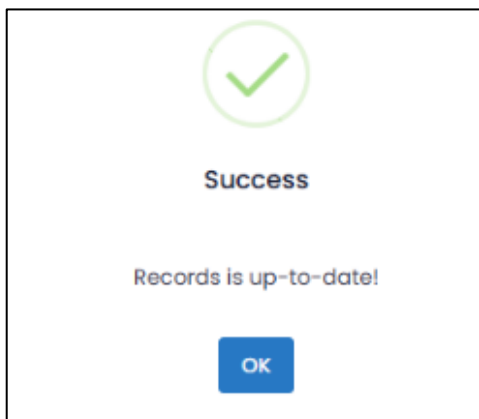

The screenshot shows the 'Account Profile' page with a 'Premise Information' section. The section contains a list of fields with their corresponding values:

Field	Value
Premise	KEN SHENG FOOD FACTORY SDN. BHD.
DOE File No	JAS.SSP.600-3/6/59
Address	Kampung Masak, Peti Surat 1999
District	Keningau
Postcode	89008
State	SABAH
Phone	087339822
Fax	
Long	116.141700
Lat	5.345861

A red arrow points to a blue button labeled 'Sync with DOE Records' located at the bottom right of the form.

1. Klik butang **Sync with DOE Records** untuk mengemaskini maklumat industri selepas pengemaskinian maklumat telah dilaksanakan oleh Pegawai Jabatan Alam Sekitar Negeri.

2. Sekiranya kemaskini berjaya, Popup **Success** akan dipaparkan.

3.6. Tukar Kata Laluan

Change Password

2. Isi maklumat katalaluan lama dan baru kemudian klik butang Change Password.

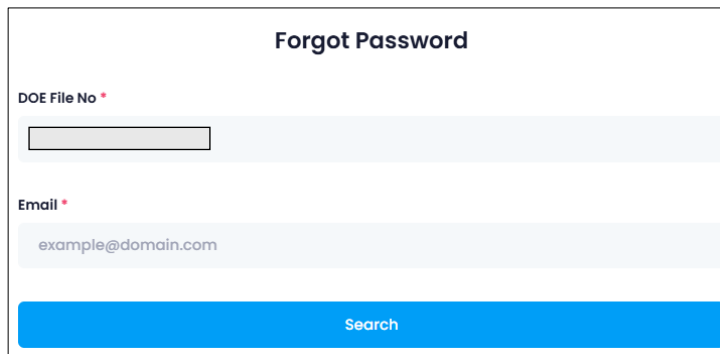

3. Sekiranya kemaskini berjaya, Popup **Success** akan dipaparkan.

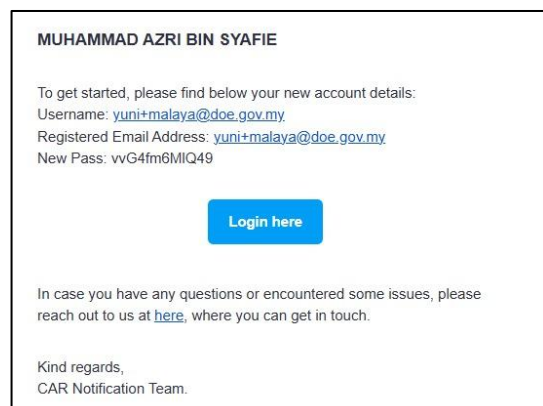

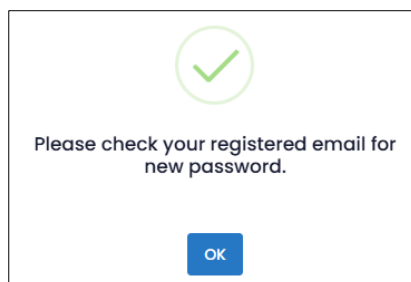

3.7. Lupa katalaluan

1. Klik butang **Forgot Password**

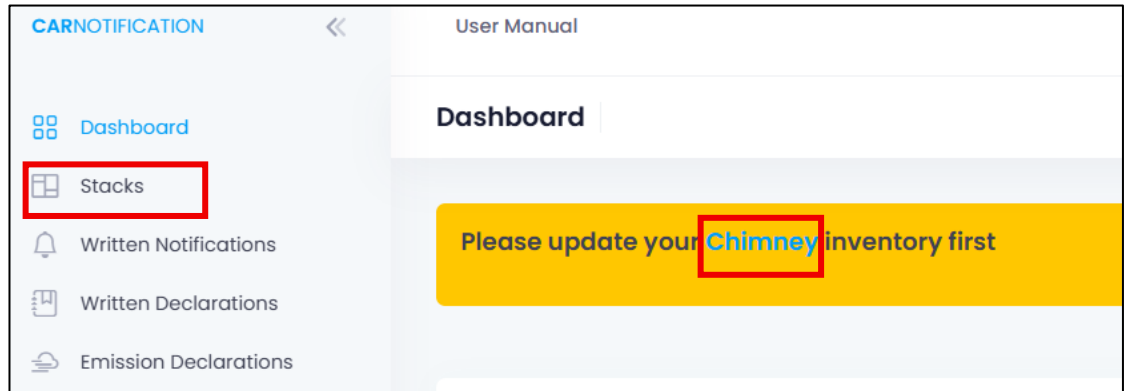

2. Masukkan maklumat **DOE File No.** dan **Email** kemudian dan klik butang **Search.**

3. Pemohon akan menerima notifikasi emel Reset Password beserta pautan masuk ke sistem.

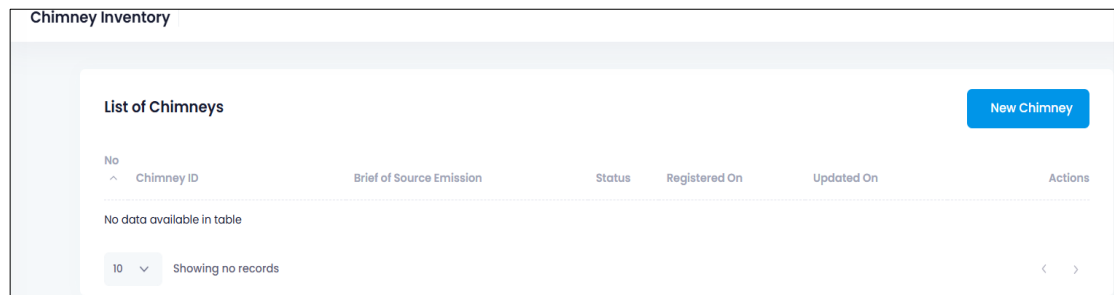

4. PENDAFTARAN STACKS

4.1. Daftar Stacks

1. Pada menu bar tepi, pilih Modul **Stacks** atau pada paparan Dashboard klik perkataan **Chimney**. Dalam modul ini terminologi stack & chimney akan digunakan silih berganti kerana membawa maksud yang sama.

2. **Chimney Inventory** akan dipaparkan.

3. Tekan butang **New Chimney**.
4. Paparan Add New Chimney akan dipaparkan.

The screenshot shows the 'Add New Chimney' form. It is divided into two main sections: '1. Chimney Details' and '2. Physical Dimensions & Operational Parameters'.
In the '1. Chimney Details' section, there is a 'Chimney Identification Number' field with a hint 'e.g. STACK-01' and a note 'Refer to existing number of chimney, or use the next available number if new.' Below this is a 'Brief of Source Emission' text area.
In the '2. Physical Dimensions & Operational Parameters' section, there are several input fields: 'Height' (with a unit 'm'), 'Height of Highest Building' (with a unit 'm' and a note 'Within a 50-meter radius.'), 'Diameter/Area (Top)' (with a unit 'm'), and 'Efflux Velocity' (with a unit 'm/s' and a note '>= 8'). There is also an 'Attachment for Efflux Velocity Calculation' section with a 'Choose File' button and a 'No file chosen' status.

5. Lengkapi maklumat bagi pada tab **Add New Chimney**.

1. Chimney Details

2. Physical Dimensions & Operational Parameters

3. Sampling & Geolocation

Access to Sampling Point *
Select one or more...

Other Access (if "Others" selected)

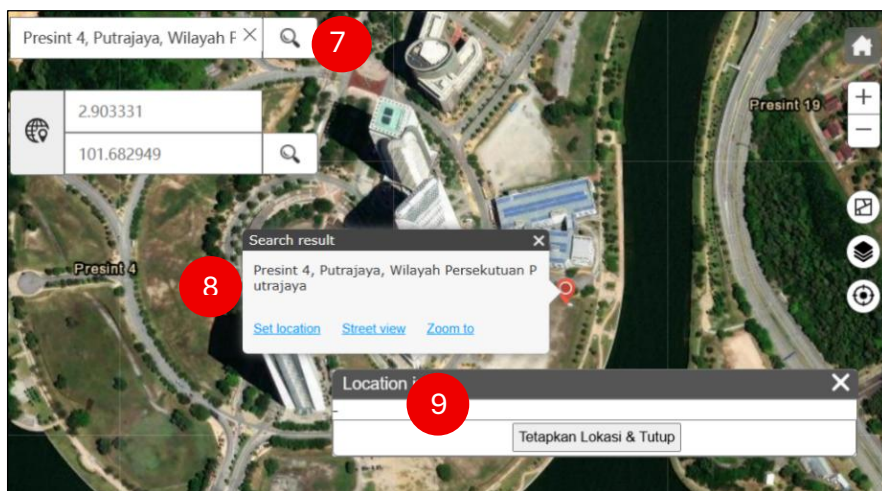

Distance from top chimney * m Distance from obstruction * m Quantity of sampling point * Size of sampling point * mm

Attachment for Sampling Point Distance * Longitude * Latitude *

Choose File No file chosen Click 'Locate' Click 'Locate' **Locate**

3. Sampling & Geolocation

6. Untuk menetapkan **Longitude & Latitude**, masukkan secara manual atau tekan butang **Locate**.

7. Buat carian lokasi.

8. Klik Set location.

9. Klik butang Tetapkan Lokasi & Tutup.

4. FBE & APCS Installed

Type	Remark	Action
+ Add New Equipment		

5. Public Facilities

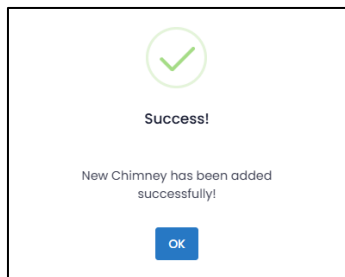

List of public facilities (e.g., schools, clinics, hospitals) and distance from chimney.

Facility Name	Distance (m)	Remark	Action
+ Add Facility			

Close Submit

10. Lengkapi maklumat bagi **4. FBE & APCS Installed** dan **5. Public Facilities**, kemudian klik butang Submit.

11. Sekiranya berjaya, Popup **Success** akan dipaparkan.

4.2. Kemaskini Stacks

List of Chimneys						New Chimney
Chimney ID	Brief of Source Emission	Status	Registered On	Updated On	Actions	
ZA001	Brief of Source Emission	Active	2026-03-03 07:03	2026-03-03 07:03	Update	Deactivate
Showing 1 to 1 of 1 records						< 1 >

12. Klik butang **Update** jika ingin mengemaskini Stacks yang telah didaftarkan.

13. Klik butang **Deactivate** jika stacks tidak aktif.

14. Klik ikon  jika ingin mencetak Stack Report.

15. Kemaskini berjaya, Popup **Success** akan dipaparkan.
